## ***A HEAP O' HOLIDAY CHEER: PROGRAMS FOR ALL AGES @ YOUR PUBLIC LIBRARY***

Children of all ages can find lots of fun (and free!) activities at the public library this holiday season.

On Saturday, December 9, school-aged children, tweens and teens can **Wrap and Roll** at the Isabel Turner branch. Register to make your own designer holiday wrap, tags, and cards. All supplies will be provided, with instructions for projects according to age range and interest.

Newborns and pre-walkers are invited to **Jingle Bell Babies** on Friday, December 15, at the Isabel Turner branch. Parents and caregivers will enjoy a festive combination of stories, songs, and rhymes.

On Wednesday, December 20, meet us at the Calvin Park branch for **A Festive Celebration!** Stories, songs, and a puppet show will be available for children five and under. Or, register to take in a **Festive Family Storytime** at Pittsburgh.

Want a challenge? Bring your family and friends to the Isabel Turner Branch on Thursday, December 21, and participate in a circuit of **Reindeer Games** created by the Teen Advisory group! Appropriate for school-age children, tweens, teens, and their families.

There's plenty of seasonal fun on Saturday, December 23. Attend a **Festive Family Storytime** at Isabel Turner, or enjoy your favourite holiday tunes at a children's concert by Gerry Mitchell at the Calvin Park Branch.

Take in a family movie at the Calvin Park branch on your December break! On Thursday, December 28, at 10 a.m., watch the animated film **Ballerina** (also known as *Leap!*).

Wrapping up our programs is the **Let It Snow** registered program at the Pittsburgh branch on Wednesday, January 3. Children two and up are invited to celebrate the magical winter season with snowy stories, songs, and activities.

For more information about December activities, and all of the library's special events, pick up our event flyer, call your local branch, or visit the Programs and Events section of the Library's website at [www.kfpl.ca](http://www.kfpl.ca).
