**FOR RELEASE MAY 11, 2022**

### **Make your life greener with Kingston Horticultural Society and KFPL's plant swap**

Now is the perfect time of year to start digging into your garden plans — or even into your garden itself, depending on what you're growing! Many plant lovers find themselves with extras that they would love to swap out for something new. With the Kingston Horticultural Society and the Kingston Frontenac Public Library you can do exactly that.

Bring some of your plants to the *From the Ground Up Plant Swap* and leave with new ones. On June 4, registrants will set up inside the Catarauqui Room at the Isabel Turner Branch starting at 1:30 p.m. and everyone can swap from 2-3 p.m.

"Kingston is lucky to have such a vibrant gardening community," said Jake Miller, Librarian, Adult Programming. "KFPL and the Kingston Horticultural Society welcome all the green thumbs who have something to exchange. This is a great opportunity to learn from others and make connections in the growing community as the weather warms up!"

Space for this program is limited. Register online at <https://calendar.kfpl.ca/event/6552992>.
