### **Launch into learning: Frank Hitchens explores NASA's 65-year space odyssey**

Get ready to embark on a journey that is truly out of this world! The countdown is on for an event that will take you on a stellar ride through NASA's incredible 65-year legacy, presented by Frank Hitchens, an amateur astronomer with a passion for all things cosmic.

Hosted by the Kingston Frontenac Public Library (KFPL), this event promises enlightening insight into the founding, history and transformative role of NASA since its inception in 1958.

"The impact of NASA's insights on reshaping our cosmic perspective is beyond measure," said Jake Miller, Librarian, Adult Programming. "Hitchens' impressive expertise will shed light on NASA's work over the past six and a half decades, exploring the pioneering spirit that defines NASA's legacy."

Humanity's Greatest Adventure: 65 Years of NASA is happening on September 22 at 2 p.m. at the Isabel Turner Branch. Register at <https://calendar.kfpl.ca/event/8488350> and learn more about the organization that has reshaped our perception of the final frontier.
