FOR RELEASE APRIL 19, 2024

Optimize your home with KFPL, Sustainable Kingston home energy efficiency series

Sustainable Kingston and the Kingston Frontenac Public Library (KFPL) are teaming up to offer the practical and impactful Improving Home Energy Efficiency series. This set of information sessions will help community members slash energy consumption, reduce utility costs and create healthier living environments for themselves and their families.

The first session introduces improving energy efficiency, with subsequent topics covering basement and foundation energy upgrades, attics and keeping heat in, and in-depth home retrofitting options.

Each session includes actionable strategies that save money and contribute to a more sustainable future for our community.

Registration is required for each date.

- May 14, Calvin Park Branch, 6:30-7:30 p.m. — <https://calendar.kfpl.ca/event/10565807>
- May 28, Calvin Park Branch, 6:30-7:30 p.m. — <https://calendar.kfpl.ca/event/10565819>
- June 11, Central Branch, 6:30-7:30 p.m. — <https://calendar.kfpl.ca/event/10565844>
- June 25, Central Branch, 6:30-7:30 p.m. — <https://calendar.kfpl.ca/event/10565861>

“Beyond practical benefits, this series offers an opportunity to connect with a community of like-minded individuals who share a commitment to sustainability and environmental responsibility,” said Jake Miller, Librarian, Adult Services. “Through sharing experiences and resources, we support one another in the journey toward creating thriving, healthy and resilient communities for generations to come.”
