FOR RELEASE JUNE 26, 2023

Get ready for a "Cereal"-ously fantastic artistic experience with Michael Albert

It's time to have your bowl of inspiration filled to the brim as Michael Albert, master of cereal box art, brings a hands-on art experience to the Kingston Frontenac Public Library!

Albert, the creator of captivating collage artworks made from cereal boxes and printed cardboard consumer brand packages, is touring his nationally renowned Modern Pop Art Experience program to over 90 cities in North America.

Kids ages 8-12 are invited to create their own "cerealism" collage with Albert using recycled boxes. All supplies are provided. The hands-on workshop takes place at 3 p.m. on July 12. Registration is available at <https://calendar.kfpl.ca/event/8608104>.

"We believe in the power of art to ignite young imaginations," said Brianne Peters, Librarian, Children's Services. "Michael's collage art workshop is a wonderful opportunity for kids to explore their creativity, think outside the box (or cereal box!) and create their own masterpieces. Get ready to 'snap, crackle, and art' with us!"

This workshop is possible thanks to the generous support of the Friends of the Library.
