FOR RELEASE SEPTEMBER 16, 2022

Repair It! returns to KFPL's Central Branch in September

Keep your broken items out of the landfill with the Kingston Frontenac Public Library and Repair Café Kingston. Our Repair It! program continues at the Central Branch on Saturday, Sept. 24.

Meet with expert volunteer fixers and learn how to fix things. Drop in from 2-4 p.m. with your items needing repair (nothing that uses petroleum, please). KFPL cannot store any items on site — all items must be taken home with the owner at the end of the program session.

"The Repair It! community continues to grow with each program session," said Kristen Lemay, Acting Manager, Programming and Outreach. "It is encouraging to see so many people in the community taking the initiative to give their items a second life. We look forward to seeing new and familiar faces this fall."

Are you interested in learning new skills and chatting with fixers? You are welcome to drop in, even if you don't have anything to be fixed.
